

Clive Wilkinson

I have been with Staffies since 1945 when my mother bought our first pup Vic, when I was 20 months old. Since then the family has had 22 of the best breed going. I became a member of the SBTCC in 1976 just after buying Winston from Colonel Cook, a founding member of the club. Currently we have Bess, a joyous little bitch from Tracy Dineley. She is probably the quietest Staff we have ever owned, but she sure bosses my wife Coleen around! Over the years I was editor of the club magazine for about ten years, and vice president for two. Then president, vice president and now president again. My main aim for the club is to rid Ontario and any other places in Canada of Breed Specific Legislation. I am a retired elementary school teacher, having spent 34 years in the classroom teaching mainly grades 7 and 8. Since I was 16 I have been very heavily involved with soccer at the local, regional, provincial and national levels, and I love coaching child and youth soccer.

Coleen and I have been married for over 50 years and we have two adult children with three granddaughters. All live locally and adore SBT's.
