

Tracy Dineley - Clandara Reg'd

I have been involved in showing and breeding purebred dogs since 1981. My first show dog was a Whippet. I am still involved in Whippets today. I was hired by a breeder of Staffordshire Bull Terriers to show her dogs for her. I was sent on the road with three Staffords every weekend. I fell in love with this unique and special breed. That was 1984.

Since then I have bred over 80 champions. I have had many ranking in the top five in the country, including campaigning many to number one. I have bred many National specialty winners on both sides of the border. I have bred many record breaking dogs and hold the record of breeding the most all breed Best In Show winners.

I make my living grooming dogs and live on a farm with my husband who is also involved in purebred dogs. We share our lives with our dogs, 3 American Quarter Horses, a Cornish Rex and a Bengal, 2 barn cats, 3 chickens and a donkey.

I am a life member of the Canadian Kennel Club and have been a past president of the SBTCC. I am a member in good standing with the Staffordshire Bull Terrier Club of America and the Scarborough Kennel Club.
